India Development Coalition of America

Inform Inspire, Impact, Poverty and Climate Change in India

IDCA promotes Innovation, Social Entrepreneurship networking, co-learning and collaboration between non-profit organizations, non-governmental organizations and individuals that are engaged in bettering the lives of village and urban poor through scalable sustainable development initiatives. Some of the issues we are focusing can be expressed by the acronym WEALTH as shown below:

Water, Waste/Sanitation
Education, Energy, Environment,
Agriculture, Attitude, Administration
Livelihoods, Leadership
Technology, Trade, Transportation
Healthcare, Hygiene, Housing, Harmony

Vision, Mission and Objectives:

We work for a developed India, free of poverty, ignorance, diseases, socioeconomic disparities, ecological disasters, and social disharmony.

To Empower NPOs, NGOs in India to accelerate Sustainable development and realize our Vision for a developed India.

This will be done through the following activities

- Promoting collaboration and cooperation between organizations engaged or interested in the development of India
- Providing a platform to members for networking with each other in person and on the internet. Organizing seminars, conferences, workshops, learning journeys in US and India. We also intend to work with members to develop innovative projects to Alleviate Poverty and Mitigate Climate Change.
- By informing, inspiring, and involving the community at-large to raise necessary resources for the members.
- By sharing best development practices from around the world. Maintain a website to share knowledge.

Let New India arise- let her arise- out of the peasants' cottage, grasping the plough; out of the huts of fisherman, the cobbler, and the sweeper. Let her spring from the grocer's shop, from the oven of the fritter-seller. Let her emanate from factory, from marts and markets. Let her emerge from groves and forests, from hills and mountains.

- Swami Vivekananda
